

CLIFTON
COLLEGE

13+ Scholarship Examination

Design & Technology

- Candidates will be expected to provide a portfolio to contain sketches, diaries and detailed photographs of finished products.
- Applicants will also be required to complete a design task.
- Design and Technology Scholars are expected to make the most of the facilities of the department and to pursue their practical interests and develop their skill both within and outside the taught curriculum to GCSE level and beyond, and candidates will need to convey an ability and desire to do this.
- Discussion with the Headmaster leads to the selection of award winners who are notified in writing thereafter.
