

Educational Visits Policy

POLICY STATEMENT

Clifton College has formally adopted “**National Guidance**” as “**Clifton College School Employer Guidance**”. This Educational visits guidance can be found on the following website: www.oeapng.info.

Clifton College is committed to providing inspirational and real world educational experiences for all young people. We will ensure that all risks are assessed to an appropriate level and that staff have received relevant training. We are committed to safeguarding and promoting the welfare of children and young people during outdoor learning and off-site visits. We will select venues and providers who maximise the educational content and achieve high standards of health and safety.

SCOPE

This policy is applicable to all those involved in the organisation of and participation in educational visits for pupils.

AIMS AND OBJECTIVES

- To ensure that visits are well planned and significant risks are identified and managed
- To ensure that there are plans in place for changes in circumstances during a visit that are reasonably foreseeable
- To ensure that those in charge of visits have the necessary competence to manage situations appropriately
- To ensure that other Clifton College policies e.g. Safeguarding and Protecting Children are considered when planning visits

LEGISLATION AND BEST PRACTICE GUIDANCE

The Health and Safety at Work etc Act 1974 and the Management of Health and Safety at Work Regulations 1999 set out the legislation for managing health and safety. This includes assessing and managing risks for educational visits.

Teachers and other staff in charge of pupils also have a common law duty to act as any reasonably prudent parent would do in the same circumstances. Information provided in the supporting procedures has been developed using the Outdoor Education Advisers' Panel (OEAP) national guidance and recommendations and further information can be found at www.oeapng.info

ENSURING UNDERSTANDING OF BASIC REQUIREMENTS

As an employer, Clifton College is required to ensure that its employees are provided with

- appropriate guidance relating to visits and Learning Outside the Classroom (LOtC) activities;
- employer-led training courses to support the guidance to ensure that it is understood;
- suitable systems and processes to ensure that those trained are kept updated;
- access to advice, support and further training from an appointed Adviser that has proven expertise and professional understanding of the guidance, the training and expectations set by current good practice.

The appropriate guidance for the management of outdoor learning and LOtC at EGS is the Employer Guidance website [OEAPNG](#)

The relevant training courses for Clifton College are:

1. Educational Visit Coordinator (EVC) Training - Clifton College is required to have a current, trained EVC in post for the Senior and Prep and Pre Prep Schools/Infants. The Heads of Sport and Activities also act as Visit Coordinators for their areas of responsibility.
2. Clifton College Educational Visit Coordinator (EVC) Revalidation - The Clifton College EVC is required to undertake a formal revalidation at least every 3 years.
3. Visit Leader Training – all visit leaders have training and support from the EVC and an ‘apprenticeship’ system is operated with experienced staff mentoring staff with less trip experience. All new staff have ‘visit leader training’ as part of their induction programme. Overseas training will be given to those taking trips abroad.

Where an employee experiences problems with finding the material they are looking for, or require clarification or further help and guidance, they should consult the EVC.
