Please consider the information below alongside our Curriculum Book, linked [here](#).

Core subjects

English (Language and Literature)	Mathematics
Personal, Social and Health Education	Biology
Higher Project Qualification	Chemistry
	Physics

- The Science subjects may be taken as three separate GCSEs or as Combined Science, worth two GCSEs. We will advise students on which route they should follow - this is not a choice that can be made on this form.

Options

Three optional subjects are chosen in blocks P, Q, R and S.

PSHE **must** be chosen in one block. This is a statutory requirement.

It is not recommended that a new **Modern Language** is started from scratch in Year 10.

Students of **Mandarin** should be very proficient to join the course at this stage, i.e. fluent or native speakers.

Please make your choices on the Google Form at [this](#) link.
