

Our Boarding Principles

Our Principles

Our Values

Integrity

Spirit

Resilience

Belonging

Promote tolerance, inclusiveness and a liberal outlook in all that we do, ensuring that all members of our boarding community feel valued and respected.

Feel Safe

Offer a safe environment for all pupils, both physically and emotionally. The wellbeing of the pupils is central to everything we do at Clifton.

Openness

Establish an openness in communication between staff, pupils and parents, trusting in a collaborative and supportive culture to bring about the most positive outcomes for the boarders in our care.

Opportunities

Provide our Boarders with the opportunities and facilities needed to fulfil their potential in all areas of school life.

Self-Reliance

Create an environment where leadership, responsibility and self reliance are fostered.

It is important that all members of the College are aware of these guiding principles and are able to make a contribution to the achievement of them.
